

9th December Fellowship supper evaluations

Further comments
great evening, thank you
Very good evening. Time keeping was maintained pace and challenge
thank you for a professional evening reminding us and re-invigorating us, to remind us what we are - professionals
Excellent refreshments
Action research based on the old TLAs seems a good suggestion to make 'double' for busy stressy teachers
Personally I think we can form a 'Probiotics for GERMS' and we don't need antibiotics!
Can we continue the medical ideas by forming a validation of CPD process e.g. Medics
Medics - revalidate online every year. So do lawyers/ Accountants - by guide outline tool
This would enable a dissemination of our research work which is contextualised - respect, trust, professionalism
Would be interesting to do/cover basic toolkit for researching/research projects
Look at wellbeing throughout the education system
look at parental engagement
Sooo cold! Loved the cake. Much better idea of direction
Cold in here. Not as cold as last time but still cold. Cake good.
So cold! Uncomfortably so! Cake was very welcomed
A chilly room, more heating please. Gluten free cake too please
Still cold but a great evening. Felt we moved forwards (nice cake)
A different format to vary evening
gluten free desert was missing
