

28th January Fellowship supper evaluations

	Comments
	Made me think - motivated to try something and have a good look at MESH
	A fully engaging speaker - I would like to hear more please - maybe broken down into more areas - the best so far!
	The amount need to be communicated in the time meant it was rushed with little time for reflection
	Good to start hearing about people's ideas about where their reading and research has taken them
	There felt like more direction and purpose this time. Better!
	Practical task of highlighting research currently being conducted in school to be put on the website is a good idea!
	Getting to know the other Fellows is not as simple. Possibly, a bit more time to socialise with the other Fellows? I'd like to get to know them without the focus on the night
	Good evening! Moving forwards! Looking forward to finding out everyone's interests
	Another good evening - lots of food for thought
