

**The Associate Educational Fellowship Programme**  
*'Improving professional practice through collaborative enquiry and dialogue'*

**Fellowship Supper Evaluation Outcomes**

**Tuesday 24<sup>th</sup> November 2015**

	Early days but I enjoyed our first meeting
	My first evening - I enjoyed it very much. Good to meet like-minded people. Very welcoming and friendly
	The suggestions for books and references were very useful
	Loved the jelly beans!
	Made to feel very comfortable at first Fellowship meeting
	Great to have some new fellowship members, lots of valuable discussions, everyone was comfortable to participate in discussions
	Great meeting new Fellows
	Loved the speed dating. Met two interesting colleagues from two different schools. Informative and professional
	Really looking forward to the next year. Learning from colleagues and making a positive contribution to the programme
	Thank you, it was great
	Very interesting first meeting with the Fellowship - I am looking forward to coming again.
	Love the jelly beans. I can now say I have speed dated!
	Many thanks for re-invigorating y day and 'faith' in what we do!
	Thank you, I've had a lovely informative evening
	Thoroughly enjoyed my first date!
	Great jelly beans! Thank you. Great to hear about the networking already taking place. ResearchEd - 'context is key'. Small changes very powerful. The isolation of teacher in the classroom island mentioned. Need a vehicle for dissemination. Time for research. Chocolate cake!
	Timing was good!
	More water!
	Cake please!
	I would feel a 5.30pm - 7pm meeting would be perfect. 5.30 - 7.30 is too long I feel at the end of the working day. But everything else was brilliant - thank you!
