Really interesting . I am inspired to start journals in my class.

Could we have a writing session as an alternative or in addition to the reading activity

It was good to hear passionate speaking and not about policy necessarily but an enriching subject

The facilitator, Mike, was very engaging and made the whole evening flow well.

Thank you for organising the session. It was lovely to see people enjoying writing

Thank you for an enlightening evening

My first meeting. Thank you for the experience.

How about anonymous writing?

A great evening. Thoroughly enjoyed it and will be writing myself with children and adapting my pedagogy as a result! Thanks

Interesting ideas, would not have considered writing as a personal thing. Whilst I totally agreed a personal level the environment isnt making this easy.

Tonight has been my first attendance and it has been a fantastic introduction - thanks very much for having me!

I enjoyed the interactive nature of the evening

The speaker was great. I'd like to see something like this again. This will be trialed in my classroom.

Wonderful - we were all writing. Incredible - we were all 'itching' to write before even being asked to start.

Best Quote "I now like writing". Connections. Therapeutic. Powerful. Rich. Please could Simon Wrigley come back again. Please could we start at writing project?

The food was nice and the process was interesting

Gives me confidence to submit my ideas and writing to the forum.
