

# Spaghetti and marshmallow challenge

## You have:

- 20 pieces of spaghetti
- Tape
- String
- 1 marshmallow
- Scissors

## You need to:

- Build a freestanding structure using **only** the items on the list
- The winning team has the tallest structure with the marshmallow **ON TOP**
- Teams can use as much or as little spaghetti as they want but the **entire marshmallow** must be at the top
- The structure must be able to **stand alone** for measuring.
- Teams touching or supporting their structure will be **disqualified!**
