How has the AAFP suppers and lectures made an impact to your school or organisation?

Good to be able to share with others and be able to take good practice from one school to another
 I can take what we discussed back to the department and to other departments within the college

Butterflies - We are using them
 Considering computer changes
 3T project - embedding ideas after this has finished. Ideas for small things we can do to make an impact.

Comments

Love the short snippets if ideas - can apply more immediately
 Super to share amazing practice with colleagues
 Such a positive open minded event as ever

Thank you very enjoyable worth while evening
