How has the AEFP suppers and lectures made an impact to your school or organisation?

Prompts me to think in a different way - 'out of the box'.

Supper from like minded colleagues makes me a more reflective educationalist

Reminder to always consider what is happening in education outside of your own school.

Comments

Brilliant - Loved the nibbles

For my first time coming to this event - I found it enjoyable and thought provoking

Opened up conversations/given leaders a wider perspective of local and national issues and ideas
